COVID Hospitals

COVID positive symptomatic patients (with/without co-morbidities, such as COPD, high pressure, cancer, diabetes, heart, liver or kidney related issues, hypertension), having recent COVID test reports, may only get admitted into Govt. and Pvt. COVID Hospitals. In cases of 'tested and reports awaiting', Pvt. COVID Hospitals may admit patients in their non-COVID isolation wards to provide emergency medical supports.

Government COVID Hospitals							
Sl no.	Name of the Hospital	Address	Contact Number	Level of COVID Hospital	COVID Bed Status

List of SARI/COVID Suspect Hospitals

Patients who are yet not diagnosed as ‘COVID positive’ (either not tested or reports awaiting) but showing severe acute respiratory infection (SARI) syndromes along with breathing trouble (specially) and with/without co-morbidities (such as COPD, high pressure, cancer, diabetes, heart, liver or kidney related issues, hypertension) are advised to get admitted into SARI/Suspect hospitals.

Sl. no.	Name of the Hospital	Address	Contact Number	Level of COVID Hospital
1.	Sanjiban Hospital	Boikunthopur Rd, Fuleswar, Uluberia, Howrah, West Bengal 711316	9382046316, 6290410720	II
2.	Narayana Multi-Speciality Hospital	Andul Rd, near Chunabati, Podara, Mourigram, Howrah, West Bengal 711109	9830064488, 9830055589	II

Safe Homes

COVID positive patients who are either asymptomatic or showing mild COVID symptoms, with no breathing trouble and comorbidities (such as COPD, high pressure, cancer, diabetes, heart or kidney related issues, hypertension) are advised to stay in home isolation by following MoHFW and WBHealth guidelines. During home isolation, patients must stay in separate rooms and use separate toilets, in order to avoid spreading of infection into their family members and surrounding people. Patients should remain under the supervision of physicians and may regularly check their blood oxygen saturation (SpO₂) level using pulse oximeter (if possible). In case, they cannot avail separate room/toilet facility, they may go to 'Safe Homes'. All Safe Homes provide facilities such as ambulance service, nutritious food supply, and regular health check up by physicians, regular monitoring of SpO₂ level, collaboration with hospitals where the patients will be readily transferred in time of emergencies.
